EYES

Your brows frame your eyes. Have them shaped by professionals. Your desired look will be perfect for your face. Schedule an appointment a few days before your special event to ensure no redness or irritation is noticeable.

NovaLash® Eyelash Extensions are a great way to enhance the length and thickness of your eyelashes. They are safe and tear resistant and will last up to six weeks. For guest comfort we recommend that lash extensions are applied one week prior to your event for first time applications.
